

Estimator

O'Connor Utilities – Stockport, SK3 8AB

An exciting new opportunity has arisen within our company. O'Connor Utilities are recruiting for a Utilities Engineering Estimator to be based in our newly refurbished head office in central Stockport.

We are seeking a highly motivated and dynamic individual, that is always looking to go the extra mile.

The successful candidate will be expected to;

- Liaise with clients, consultants, contractors and suppliers
- Negotiate with multiple suppliers and subcontractors to produce competitive tenders
- Bear responsibility for estimating on a broad range of projects
- Work well under pressure, ensuring tenders are submitted completely, accurately and within the timescale
- Provide presentation of the estimate at tender review meetings
- Ensure a smooth handover of the project to the operations team
- Demonstrate relevant experience from previous roles; ideally from within a utility contracting environment

Schedule:

- Full-time, permanent
- Monday to Friday; 7:30am to 5:00pm

Experience/Attributes:

We are looking for someone with;

- A minimum of 5 years estimating experience in underground utility engineering (preferred)
- Experience of pricing both one-off projects and rate schedules for framework tenders
- Excellent IT skills with a strong attention to detail
- The ability to multi-task
- The ability to meet demanding deadlines
- Excellent problem-solving skills

Benefits:

- Salary: £35,000.00-£45,000.00 per year (dependent upon experience)
- Newly refurbished, high tech office suite with first class facilities
- On-site parking
- Our own on-site gym
- Bonus scheme

COVID-19 precautions:

- Social distancing guidelines in place
- Sanitisation, disinfection, and cleaning procedures in place

Company background:

The company was established in 1994 and has a long successful track record. O'Connor Utilities are one of the fastest growing utility engineering contractors in the country and we are currently ranked 110th in the Sunday Times Top Track 250 mid-market growth sector. We work directly with many blue-chip power, water, gas and telecoms clients and we are looking for the very best to join our team. We operate in a flat structure and we expect our employees to take control of their own responsibilities, tasks, developments, and opportunities. We believe that being successful is a choice. We choose to be successful.
